Parklet

RE: Workshop 3
Permanent Outdoor Dining Areas and Parklets

Dear Town Council Members

This is Deborah and Kelly London writing.
We own The Coffee Roastery here in San Anselmo

Whats going on here?
Why isn't San Anselmo moving forward to permanence?
This shouldn't even be up for discussion.

Enough Workshops.
Workshops 1 and 2 were more than sufficient.
Take a Stand.
Lead.

Why are 4 or 5 people/businesses allowed to manipulate this issue and ignore the will of the many who support Permanent Outdoor Dining.

We have been in the Coffee Business for over 42 years. (yes-Forty Two)
We have a location in Fairfax as well. Never has it been more difficult to operate a small business than the last couple years.

We are writing again to empathically support the Permanence of San Anselmo outdoor dining spaces and Parklets.

We strongly encourage the Town Council to join the many Towns and municipalities moving forward to Permanent Parklets and Outdoor dining spaces.

Im sure your aware of the results of Fairfax Survey on this issue.
Permanent Outdoor Dining Areas were supported by the community by over 90%.
Less than 10% opposed.

Why are 4 or 5 people/businesses allowed to manipulate democracy, the will of the many who support Permanent Outdoor Dining Spaces here in town.

These Outdoor Dining Spaces are crucial to the life of San Anselmo businesses and to the Town itself.
Without them, honestly, San Anselmo is perceived as a boring town.
No theatre, no bars, no live music, no fun, etc. etc.

These outdoor dining spaces have Saved San Anselmo!

The Coffee Roastery and many other businesses could not and would not be in business today without Outdoor Dining Spaces

Take these spaces away and this town returns to its previous position of a boring, lack lustre town with no vitality and no fun. (Not just our words,)

We NEED these Parklets and Outdoor Dining Areas to be Permanent Fixtures to the town.

These outdoor spaces have created a beautiful sense of vibrancy, excitement and success in a town that sorely needed it. Item 5
Attachment 6

People now actually want to be here in town to enjoy being with other people in the outdoor seating venues.

Cars dont do that.

Never have.

Never will.

The amount of business brought to town by outdoor dining spaces far exceeds any perceived value of parked cars. That value should be zero.

We can live without the 5- 10-20 parking spots replaced by these beautiful Outdoor Dining Spaces..

These Parklets are bringing business to town.

We have happy people sitting outside supporting local business.

That's what every town wants.

That's what the many towns have learned who are moving to permanent outdoor dining.

Its either a beautiful outdoor dining space or a hunk of metal parked in front of store fronts for hours and hours at a time. Outdoor Dining Areas bring people and people walk in businesses' and spend money.

In Fairfax there are a few store fronts that have an outdoor dining area in front of their business. One such retail business is located next to Fairfax Coffee Roastery. The owners of this retail business enjoy a robust retail business partially resulting from visitors of The Coffee Roasterys parklet who then support their retail business.

Outdoor Dining Areas help retail by drawing customers to retail businesses.

Lets join the many municipalities that have moved toward Permanent Outdoor dining spaces.

Take these spaces away and San Anselmo will most definitely loose business to all the neighboring towns who have chosen to embrace vitality, community and what is best for business in a township.
That being these Permanent Outdoor Dining and Parklets.

Don't let the Very few people/businesses who oppose our Outdoor Dining Spaces commandeer the spirit of support the Many have brought to this issue.

Don't let the 8% or less control this very important issue.

Outdoor Dining Areas and Parklets are in the best interest of the success of businesses in San Anselmo.

Listen to the People.

They have Spoken.

Permanent Outdoor Dining Spaces and Parklets MUST prevail.

The very Life of San Anselmo is intrinsically linked to Permanent Outdoor Dining Spaces.

Thank you for your consideration in this important matter.

Lets move forward.

San Anselmo NEEDS these Outdoor Dining Spaces.

The People have Spoken.

Respectfully,

Deborah A London

Keep Parklets in Downtown San Anselmo

Background:

In anticipation of the April 14 workshop the Town of San Anselmo is conducting to solicit feedback on Parklets, a petition was started to gather signatures from people who support keeping parklets in downtown San Anselmo. Signatures were gathered both online and on paper.

Overview:

Petition timeframe:	2 weeks (March 24-April 6)
Total signatures:	532
San Anselmo residents:	348
Ross Valley Residents:	443

Please be sure to review the comments of many of the signers.

RECEIVED

APR 11 2022

**TOWN OF SAN ANSELMO
BUILDING, PLANNING & PUBLIC WORKS**

Save Cucina's Parklet

Published by Donna Seymour on 24th Mar 2022

The San Anselmo Town Council is seeking feedback and will be voting on whether to keep parklets in the downtown district. Parklets add to the vibrancy of our downtown and help make San Anselmo a compelling destination for the community and visitors alike. They also provide a safer dining option for those in our community who are immunocompromised and are highly susceptible to Covid 19. Our parklets bring more people downtown, which is good for all businesses.

We the undersigned call on the San Anselmo Town Council to allow parklets to remain in downtown San Anselmo and authorize the establishment of reasonable guidelines for the regulation and maintenance.

Help Cucina Save Its Parklet

The San Anselmo Town Council will be voting on whether Cucina can keep its parklet. We believe that the parklet adds vibrancy to downtown and encourage the town council to vote in favor of a long-term program to maintain parklets on San Anselmo Avenue.

Thank you for creating this survey. Parklets, creek park, and weekend street closures have made a massive impact on my family's happiness, quality of life, community connections, and pride in our town. I can't speak at council meetings because I'm home w my 3 young kids after a day at work. While I care passionately about keeping parklets downtown, as both a professional urban planner and downtown resident, I still cannot find a way to prioritize attendance at these meetings. Being in the public sector myself, this pains me to admit. I know this is the same for many more families with working parents, young kids, or both. We moved here for the quality of life in this sweet town. Parklets are an asset, and allow public/private space to conveniently blur. Parklets foster conversations, neighbor relations, and support our beloved community businesses. I appreciate Cucina, longway, taco janes, comforts, and all our businesses brave enough to embrace and invest in these parklets for us. Please, please please, keep our parklets and make this permanent. We've come to cherish them. They're a part of our community and we can't let them go. Sent via Siri in a hustle, please forgive typos.

San Anselmo has become a better community these past two years thanks to the restaurants and town initiatives that brought San Anselmo Ave to life. While the past two years have been challenging on many levels and we are all eager to move on, some things from this time period should stick around — and restaurant parklets are high on the list. We will be a stronger community when we have thriving businesses which create jobs and foster space for connection. There is plenty of parking in San Anselmo and the trade off here is a no-brainer to make our community one that draws customers, residents, and staff from all over the county.

One of the main reasons we moved to San Anselmo in 2021 was due to the vibrancy of downtown and a huge portion of that comes from the parklets. Removing the parklets would push people wanting to eat outside to go somewhere outside of San Anselmo. We would be incredibly disappointed and saddened if the town removed the parklet which allow healthy dining for immunocompromised and brings more business for our town.

Parklets

Dear Town Council,

We are very much in support of making the parklets a permanent fixture in San Anselmo. These parklets not only encourage us to engage outdoors but they bring a new energy and vibrance to the downtown that otherwise might be more subdued and contained inside. These parklets draw us to the area's businesses and help current businesses thrive in these uncertain times.

Recently I met friends at Cucina and as we were sitting outside, we gazed around at the neighboring stores and reminded each other to shop locally. We each went to adjacent shops for candy, a Mother's Day present, wine and books. The more reason we're given to congregate downtown, the more reminders we have to shop locally.

The parklets enhance our sleepy town's vibrance and we are very much in favor of continuing them. If there are businesses in opposition I wonder if they could consider collaborating with neighboring parklets and finding a way to draw attention to their shops and offerings. We would be happy to help brainstorm if anyone is interested.

Please accept this letter in lieu of our attendance tonight as we will be at a funeral for a dear San Anselmoian.

Cheers,
Gretchen + Clark Richardson

Subject: San Anselmo Parklets

CAUTION: External Sender

Dear David,

We weighed in on the parklet issue and mailed the a letter to the Mayor and each Councilmember as follows:

We understand that the San Anselmo Town Council will soon determine the long-term future of the parklets located in San Anselmo. We are in favor of continuing the parklets for at least three years or until the pandemic is fully extinguished. Since the outbreak of Covid-19, we have avoided eating inside restaurants. San Anselmo has a variety of restaurants that provide comfortable and safe alfresco dining.

Though we live in Ross, central San Anselmo is a five-minute walk from our home. For decades, we have frequented shops, cafes, and restaurants in San Anselmo. The parklets, and the outdoor dining they provide add to the charm and vitality of San Anselmo. The parklets bring life and activity to the town, which in time will help fill vacant storefronts.

When we dine in San Anselmo, we tend to shop the stores. When we drive, we never have difficulty finding a parking space. Without parklets, and the safe, outdoor experiences they provide, we would likely frequent other nearby towns that have them.

Please continue the parklet policy, which make San Anselmo a more lively, healthy and attractive place to visit.

Sincerely,

B.J. and Christopher Martin
