#### RULES FOR CANDIDATE STATEMENTS

Under California Elections Code section 13307, the following rules pertain to the material prepared by any candidate for the General Municipal Election:

- a) Statements shall not exceed 200 words;
- b) The actual pro-rated costs of printing, handling and translating said statements shall be levied against each candidate availing himself-herself of such service;
- c) The candidate shall be required to pay in advance, at the time of filing, his or her prorata share of the estimated total cost of printing, handling, translating, and mailing of said statement as a condition of having his or her statement included in the sample ballot;
- d) The estimate is just an approximation of the actual cost that varies from one election to another election and may be significantly more or less than the estimate, depending on the actual number of candidates filing statements.
- e) No additional materials shall be prepared to be sent on behalf of the candidate with the Marin County Ballot/Voters Pamphlet; and
- f) The taxpayers of the Town of San Anselmo should not be responsible for costs of individual candidate statements.

Note that the Town Council may authorize an increase in the limitations on words for the statement from 200 to 400 words. (Cal. Elec. Code § 13307 (a)). The attached resolution reflects a 200-word limit, but can be amended prior to adoption.

#### **FISCAL IMPACT**

The cost of an election in a statewide election season is approximately \$2 to \$4 per voter. It is expected that the cost will range from \$19,000 to \$38,000.

#### **CEQA AND CLIMATE ACTION PLAN CONSISTENCY**

The proposed decision is exempt from the California Environmental Quality Act (CEQA), under the “common sense” exemption, because it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment. (Cal. Code Regs. tit. 14, § 15061).
